**NOTICE OF FILING NOTICE OF
SUPPLEMENTAL PROPOSED
RULEMAKING AND ECONOMIC
IMPACT STATEMENT**

The Arizona Corporation Commission Staff hereby files the attached Notice of Supplemental Proposed Rulemaking filed with the Secretary of State on August 21, 2008. A copy of the filing is attached hereto as Exhibit A. The Notice was published in the September 12, 2008 issue of The Arizona Administrative Register. A copy of the published Notice is attached hereto as Exhibit B.

Additionally, the Utilities Division of the Arizona Corporation Commission has determined that although the changes in the rules from the initial filing of the Notice of Proposed Rulemaking were substantial, the changes created no change to the economic impacts previously filed on May 15, 2008. A copy of the Economic Impact Statement is attached hereto as Exhibit C.

RESPECTFULLY SUBMITTED this 15th day of September, 2008.

CHAPTER 2. CORPORATION COMMISSION FIXED UTILITIES

PREAMBLE

1. Register citation and date for the original Notice of Proposed Rulemaking:

Notice of Proposed Rulemaking: 14 A.A.R. 450, February 15, 2008

2. Sections Affected Rulemaking Action

R14-2-402 Amended

R14-2-602 Amended

3. The statutory authority for the rulemaking, including both the authorizing statute (general) and the statutes the rules are implementing (specific):

Authorizing statute: Arizona Constitution Article XV § 3; A.R.S. §§ 40-202; 40-203; 40-321, 40-322, 40-281, 40-282.

Implementing statute: Arizona Constitution Article XV § 3; A.R.S. §§ 40-202; 40-203; 40-321, 40-322, 40-281, 40-282.

4. The name and address of agency personnel with whom persons may communicate regarding the rule:

Name: Robin Mitchell, Esq.

Attorney, Legal Division, Arizona Corporation Commission

Address: 1200 West Washington Street

Phoenix, Arizona 85007

Telephone: (602) 542-3402

Fax: (602) 542-4870

E-mail: rmitchell@azcc.gov

Name: Steve Olea

Assistant Director, Utilities Division, Arizona Corporation Commission

Address: 1200 West Washington Street

Phoenix, Arizona 85007

Telephone: (602) 542-7270

Fax: (602) 542-2129

E-mail: solea@azcc.gov

5. An explanation of the rule, including the agency's reasons for initiating the rule:

These amendments will amend existing rules (R14-2-402 and R14-2-602), both entitled "Certificate of Convenience and Necessity" ("CC&N"). The proposed amendments and changes to these rules are designed to provide the Arizona Corporation Commission and the Commission's Staff more information in the application for a new CC&N or for an extension of a CC&N. This additional information will aid Staff in its analysis and the Commission in its determination of the public interest when granting or denying a CC&N or a CC&N extension for water service and sewer service.

6. An explanation of the substantial change which resulted in this supplemental notice:

The following changes in Rule 402 and Rule 602 from the proposed rules in the Notice of Proposed Rulemaking constitute a substantial change:

1. Rule 402 requires an application for authority to abandon, sell, lease, transfer, or otherwise dispose of a utility.
 2. Rules 402 and 602 include requirements related to the notices that must be provided to landowners and to municipal managers or administrators.
 3. Rules 402 and 602 include numerous application requirements that were not in the proposed rules.
- 7. A showing of good cause why the rule is necessary to promote a statewide interest if the rule will diminish a previous grant of authority of a political subdivision of this state:**

Not applicable

8. The preliminary summary of the economic, small business, and consumer impact:

NOTE – The Arizona Corporation Commission is exempt from the requirements of A.R.S. § 41-1055 relating to economic, small business, and consumer impact statements. See A.R.S. § 41-1057(2). However, under A.R.S. § 41-1057(2), the Arizona Corporation Commission is required to prepare a "substantially similar" statement.

Companies providing water service or wastewater service may incur additional costs resulting from the requirements for notification to affected landowners, developers and nearby municipalities and nearby water and wastewater service providers of an application for a new CC&N or an extension to a CC&N. Utilities may incur additional costs resulting from additional research and other communications with landowners. However, by providing this additional information in the application, applicants may incur lower organizational costs and may reduce regulatory costs thereby reducing the upward pressure on rates of customers of water and wastewater utilities which are forming or expanding. The rule change amendments should reduce the time period between the date of application and the date of a final order in the matter which would allow for faster development of the property.

9. The name and address of agency personnel with whom persons may communicate regarding the accuracy of the economic, small business, and consumer impact statement:

Name: Robin Mitchell, Esq.

Attorney, Legal Division, Arizona Corporation Commission

Address: 1200 West Washington Street

Phoenix, Arizona 85007

Telephone: (602) 542-3402

Fax: (602) 542-4870

E-mail: rmitchell@azcc.gov

Name: Steve Olea

Assistant Director, Utilities Division, Arizona Corporation Commission

Address: 1200 West Washington Street

Phoenix, Arizona 85007

Telephone: (602) 542-7270

Fax: (602) 542-2129

E-mail: solea@azcc.gov

10. The time, place, and nature of the proceedings for the making, amendment, or repeal of the rule, or if no proceeding is scheduled, where, when, and how persons may request an oral proceeding on the proposed rule:

Public comment will be held on October 14, 2008, beginning at 10:00 a.m. or as soon as practicable thereafter, in Hearing Room #1 of the Arizona Corporation Commission located at 1200 West Washington, Phoenix, Arizona 85007. The Hearing Division requests written comments be received on or before October 14, 2008. Comments should be submitted to Docket Control at the above address. Oral comments may be made at the oral proceeding to held on October 14, 2008. Please reference docket number ACC-00000A-05-0613 on all documents.

11. Any other matters prescribed by statute that are applicable to the specific agency or to any specific rule or class of rules:

None

12. Incorporations by reference and their location in the rules:

None

13. The full text of the rules follows:

5. An explanation of the rule, including the agency's reasons for initiating the rule:

These amendments will amend existing rules (R14-2-402 and R14-2-602), both entitled "Certificate of Convenience and Necessity" ("CC&N"). The proposed amendments and changes to these rules are designed to provide the Arizona Corporation Commission and the Commission's Staff more information in the application for a new CC&N or for an

extension of a CC&N. This additional information will aid Staff in its analysis and the Commission in its determination of the public interest when granting or denying a CC&N or a CC&N extension for water service and sewer service.

6. An explanation of the substantial change which resulted in this supplemental notice:

The following changes in Rule 402 and Rule 602 from the proposed rules in the Notice of Proposed Rulemaking constitute a substantial change:

1. Rule 402 requires an application for authority to abandon, sell, lease, transfer, or otherwise dispose of a utility.
2. Rules 402 and 602 include requirements related to the notices that must be provided to landowners and to municipal managers or administrators.
3. Rules 402 and 602 include numerous application requirements that were not in the proposed rules.

7. A showing of good cause why the rule is necessary to promote a statewide interest if the rule will diminish a previous grant of authority of a political subdivision of this state:

Not applicable

8. The preliminary summary of the economic, small business, and consumer impact:

NOTE – The Arizona Corporation Commission is exempt from the requirements of A.R.S. § 41-1055 relating to economic, small business, and consumer impact statements. See A.R.S. § 41-1057(2). However, under A.R.S. § 41-1057(2), the Arizona Corporation Commission is required to prepare a “substantially similar” statement.

Companies providing water service or wastewater service may incur additional costs resulting from the requirements for notification to affected landowners, developers and nearby municipalities and nearby water and wastewater service providers of an application for a new CC&N or an extension to a CC&N. Utilities may incur additional costs resulting from additional research and other communications with landowners. However, by providing this additional information in the application, applicants may incur lower organizational costs and may reduce regulatory costs thereby reducing the upward pressure on rates of customers of water and wastewater utilities which are forming or expanding. The rule change amendments should reduce the time period between the date of application and the date of a final order in the matter which would allow for faster development of the property.

9. The name and address of agency personnel with whom persons may communicate regarding the accuracy of the economic, small business, and consumer impact statement:

EXHIBIT C

ECONOMIC, SMALL BUSINESS AND CONSUMER IMPACT STATEMENT
PER A.R.S. SECTION 41-1055

1. **BRIEF DESCRIPTION:** These amendments will amend existing rules (R14-2-402 and R14-2-602), both entitled "Certificate of Convenience and Necessity". The proposed amendments and changes to the existing R14-2-402 and R14-2-602 ("the Rules") are designed to provide the Arizona Corporation Commission ("the Commission") and the Commission's Staff ("the Staff") more information in the application for a new Certificate of Convenience and Necessity ("CC&N") or for an extension of a CC&N. This additional information will aid Staff in its analysis and the Commission in its determination of the public interest when granting or denying a CC&N or a CC&N extension for water service and sewer service.
2. **NEED:** Currently the Rules require certain information to be included in an application for a new CC&N or an extension of a CC&N. However, the Rules indicate that the required information is the minimum information to be included in the application. During the processing of the application and the administrative hearing on the application, the Commission and Staff often request further information either through data requests, during the administrative hearing or late-filed exhibits. This slows the process down. The Rule changes would fulfill the need to reduce delays by requiring all information necessary to review the application at the beginning of the process. This does not mean that additional, case-specific information will not be required by Staff.

The Rule change also would require information not currently requested during any part of the proceedings. This information is necessary to help Staff and the Commission determine the need for the new CC&N or the extension of a CC&N and the proximity of potential municipal providers.

The Rule change is also needed to enable Staff and the Commission to verify that affected landowners have been properly notified of the CC&N proceeding.

3. **NAME AND ADDRESS OF AGENCY EMPLOYEE WHO MAY BE CONTACTED TO SUBMIT ADDITIONAL DATA ON THE INFORMATION INCLUDED IN THIS STATEMENT:**

Steve Olea, Assistant Director, Utilities Division
Arizona Corporation Commission
2200 North Central Avenue, Suite 300
Phoenix, Arizona 85007
Telephone Number (602) 542-7270; Fax Number (602) 542-2129

4. **AFFECTED CLASSES OF PERSONS:**

- A. Land owners and developers who want to form a water or wastewater utility.
- B. Owners and operators of water and wastewater utilities who want to extend their CC&Ns.
- C. Landowners whose land is within the proposed CC&N area or the proposed CC&N extension area.
- D. Land owners or developers desiring service from a water or sewer utility.
- E. Customers of water and wastewater utilities.
- F. Nearby water and wastewater service providers.

5. RULE IMPACT ON AFFECTED CLASSES OF PERSONS:

- A. The impact on land owners and developers who want to form a water or wastewater utility should be lower organizational costs. They should experience a reduction in the frequency of interaction with the Commission Staff and a reduction in the time necessary to prepare data responses and responses to letters of insufficiency. This, in turn, should reduce accounting and attorney fees.

Also, adoption of the proposed Rule changes should reduce the time period between the date of the application and the date of a final order in the matter which would allow for faster development of the property.

- B. The impact on owners and operators of water and wastewater utilities who want to extend their CC&Ns should be similar to those impacts listed under A. However, the utilities would be required to provide more information than is currently required by the Rules. The impact on the utilities will be additional research, noticing, and other communication with landowners.
- C. Landowners whose land is included in the potential CC&N service area, will have ample opportunity to comment regarding being included in the service area.
- D. The impact on land owners or developers desiring service from a water or sewer utility should be lower organizational costs.
- E. The impact on current and future customers of the water or wastewater utilities at issue would be lower costs flowing through to rates. The costs of forming or extending a CC&N are generally capitalized and amortized over a long period of time. Those costs may be included in rates. If those costs are lower, rates will be lower than otherwise.
- F. Nearby water and wastewater providers will be provided more adequate notice, thereby allowing them more opportunity to provide comment to the Commission regarding approval of another nearby similar utility.

6. **COSTS AND BENEFITS TO THE AGENCY:** The proposed changes will have a minimal cost effect on the Commission and will have no impact on costs experienced by other state agencies. Although the proposed changes would require additional Staff time to verify that the application is administratively complete because the applications will be more comprehensive, the Commission will benefit by having necessary information at the beginning of the CC&N process rather than by delaying the process while performing extensive discovery after the application is filed.
7. **COSTS AND BENEFITS TO POLITICAL SUBDIVISIONS:** There will be no increases or decreases in costs to political subdivisions because the Commission does not have jurisdiction over political subdivisions and the Rules do not apply to them. Political subdivisions that provide water or sewer service in the vicinity of CC&N applications may benefit by being provided notice of such applications.
8. **COSTS AND BENEFITS TO PRIVATE PERSONS:** The proposed changes may reduce upward pressure on the rates of customers of water and wastewater utilities which are forming or expanding due to reduced regulatory costs.
9. **COST AND BENEFITS TO CONSUMERS OR USERS OF ANY PRODUCT OR SERVICE IN THE IMPLEMENTATION OF THE NEW RULES.** The proposed changes may reduce upward pressure on the rates of customers of water and wastewater utilities which are forming or expanding due to reduced regulatory costs.
10. **LESS COSTLY OR INTRUSIVE METHODS:** The changes to the rules are the least costly method to obtain information necessary for the Commission to decide CC&N and CC&N extension cases.
11. **ALTERNATIVE METHODS CONSIDERED:** There are no alternative methods to obtain the desired information in a timely manner.
